

# INTRODUCING *Kelly Ganning*

Hi! I'm Kelly! I come from a farming and administrative background but holding a huge passion for children and their learning, I feel this is more my calling. I live in Renwick with my husband and three children, we are actively involved in local sports and the community. In my spare time I like to paint and create, I have a side business called Magic Wishes and hosting birthday parties to make special occasions fun for busy families!

My previous work experience includes administration and dairy farming however I have also helped family and friends out with childcare in the past and have recently felt the pull back into this fun career path. I look forward to getting some training in ECE under my belt as I further my knowledge and support and expand children's learning and development each day.

I believe FUN is the key to success in childhood!

Messy play and crafts are essential for everyday learning and skills required for the future.

I believe children grow best in a nurturing environment where they feel safe and respected, with a sense of belonging.

## What I have to offer

- Fun and an abundance of energy.
- Relationships built between my family and yours.
- relaxed and homely environment.
- Lots of messy play experiences.
- Opportunities for baking and decorating.
- Access to vegetable garden & fruit trees.
- Regular arts and craft activities
- Pet friendly home with 2 dogs.
- Regular excursions to local music groups, playgroup and other outings.
